- Programming (JavaScript, Typescript, Python, C++, R)
- Problem Solving
- Brainstorming
- Customizing
- Communication

LANGUAGE

English (Conversational)

Urdu (Native)

MUHAMMAD ANAS
Web 2.0 Developer

Experience

2022-2023
1 Years of Experience
Frontend Development (Next.js)

Over the past year, I have focused on frontend development using Next.js, building dynamic and responsive user interfaces. My expertise includes leveraging Next.js for server-side rendering (SSR), static site generation (SSG), and seamless integration with APIs. I have developed and optimized user-centric web applications, ensuring excellent performance and accessibility.

2023 - 2024
1 Years of Experience
Full-Stack Development (MERN Stack)

In my first year, I honed my skills as a full-stack developer using the MERN stack (MongoDB, Express.js, React, Node.js). I designed and developed robust, scalable web applications with efficient database management and API integrations. My responsibilities included implementing RESTful APIs, managing backend logic, and delivering responsive and engaging user experiences through React.

Certifications

- Freelancing
- Data Analytics & Business Development
